

OUR LADY of MT. CARMEL PARISH

DECEMBER 4, 2016 · SECOND SUNDAY OF ADVENT

CONFESSIONS

Saturday 3:00 pm to 3:30 pm, Tuesday 5:00pm to 5:30pm.. When available Fathers Campbell and McDermott will hear confessions before and during all Masses on weekends and weekdays, up until the Eucharist Prayer.

BAPTISM AT MT. CARMEL CHURCH

Parents must be contributing members, regularly attending weekly Mass, for at least 6 months. In preparation for the sacrament, a one-hour class for parents must be completed prior to the baptism. To arrange for the class or to schedule a baptism, please contact the rectory, 652-7660, at least 2 months in advance.

MARRIAGE ARRANGEMENTS

should be made with the pastor at least six months to one year before the proposed wedding date. One member of the couple must be a registered, practicing member and contributor of record at Mt. Carmel for at least six months. Couples sharing the same abode will be asked to live separately prior to their marriage.

PARISH MEMBERSHIP

Call the parish office for an appointment to register.

Christmas Gift Giving Tree 2016

This year Our Lady of Mt. Carmel is once again sponsoring a "Gift Giving Tree." We will be helping needy families from Bain and Brass Schools.

Please buy a gift appropriate for each tag you have taken and return the gift to the church no later than 12 noon Mass

on 12/11. Attach the tag to the wrapped gift so we will know how to direct it. The gifts will be taken to the schools the week of 12/19, and the school faculty will then deliver them to the homes of the families.

Please help brighten Christmas for these needy families. Money donations would also be appreciated. Money gifts are used for food vouchers to be evenly divided amongst the families. Your money donations should be placed in an envelope marked "Gift Giving Tree and placed in the collection basket.

Please be sure to return your gifts by the December 11 noon Mass...all tags must be accounted for.

THANK YOU!!!!!!!

Welcome him into eternal life...

Father Campbell, Father McDermott, and the Parish community of Our Lady of Mt. Carmel wish to extend our deepest sympathy to the family of Carmine Bilotti.

O, Lord, comfort them in their time of sorrow and grief.

Eternal rest grant unto him, and let perpetual light shine upon him.

May he rest in the peace of Christ.

This Week in our Parish

	6:00 to 7:00 pm	St. Therese

Area Wide Reconciliation Service

Reconciliation Services available at noon on Tues. December 13 St. Elizabeth Church, 4816 7th Avenue

The LGBT fraud has been exposed, and they're definitely not happy about it

November 15, 2016 ([REAL Women](#)) -- Those who are setting our so-called "values," such as the small but powerful group of academics, mainstream media, and homosexual activists, do so by attempting to impose strange myths and ideas that have no scientific basis. These myths include the one that homosexuals are "born that way," can't change, and must be accepted for "who they are." Further, those claiming they are a different gender than that with which they were born, i.e. the transgendered, who "feel" they belong to other than their gender at birth, must be accepted as such. The public is supposed to put aside its intelligence and common sense, and respectfully bow collectively in obeisance to these "expert" opinions. These opinions, however, are complete and utter hogwash.

We know instinctively that they are not authentic, or worthy of our belief. However, the myth-makers attempt to force their nonsense on us by the heavy hand of the law, claiming that it's "discrimination" to refuse to accept the myths as truth. Jurisdictions which don't obey their rulings are economically punished, parents are forbidden to protect their children from the monstrous "bathroom" laws that permit males to use girls' showers, lockers and change rooms. It's all a fraud based on propaganda with no scientific legitimacy.

Bombshells Explode The Myths However, two bombshells have exploded that have shattered these myths, and the opinion-makers haven't yet controlled its fall-out. The first bombshell was a landmark study published in *The Journal – The New Atlantis*, (August 23, 2016). *The Journal* is a well-known journal of science, technology and ethics based in Washington D.C. *This article analyzed the scientific evidence of LGBT issues published to date in scientific journals.* The report was authored by two eminent scholars. Dr. Lawrence Mayer, a professor of psychiatry and statistics and biostatistics at Arizona State University, has testified in dozens of federal and state legal proceedings opposing discrimination for the LGBT Community. However, Dr. Mayer stated that, based upon his review of over 500 scientific articles, the LGBT community bears a disproportionate rate of mental health problems compared to the population as a whole.

The other author is Dr. Paul McHugh, one of the leading psychiatrists in the world. He was psychiatrist-in-chief at Johns Hopkins Hospital in Baltimore from 1975 to 2001. These scientists reviewed hundreds of peer reviewed studies on sexual orientation and gender identity from the biological, psychological and social sciences. Their conclusions were as follows:

- The belief that sexual orientation is an innate, biologically fixed human property – that people are "born that way" – is **not supported by scientific evidence.**
- The belief that gender identity is an innate, fixed human property independent of biological sex – so that a person might be a 'man trapped in a woman's body' or 'a woman trapped in a man's body' – is **not supported by scientific evidence.**
- Only a minority of children who express gender-atypical thoughts or behavior will continue to do so into adolescence or adulthood. There is **no evidence** that all such children should be encouraged to become transgender, much less subjected to hormone treatments or surgery.

Non-heterosexual and transgender people have higher rates of mental health problems (anxiety, depression, suicide), as well as behavioral and social problems (substance abuse, intimate partner violence), than the general population. Discrimination alone **does not account for the entire disparity.**

The second bombshell was exploded by a top researcher for the American Psychological Association (APA), lesbian activist, Dr. Lisa Diamond, co-author-in-chief of 'the APA Handbook' of sexuality and psychology and one of the APA's most respected members. She admitted that sexual orientation was "fluid" and not unchangeable. By doing so, Dr. Diamond confirmed that the myth that "homosexuals can't change" is now a dead-end theory. She summarized the relevant findings in a lecture at Cornell University stating that abundant research has now established that sexual orientation – including attraction, behavior and self-identity – is fluid for both adolescents and adults for both genders. Her announcement flies in the face of legislation in several U.S. states and Ontario, Canada, which ban "reparative therapy", which seeks to help patients experiencing same-sex attraction.

It also destroys the argument by homosexual activists that sexual orientation is the "civil rights movement of our times." This is poppycock. Sexual desire is based on something other than genetics, including primarily, a person's relationships, culture and other experiences, not genetics or prenatal hormones.

The only thing that science actually tells us is that we are born either **male** or **female**. Errant, harmful ideologies and lies, especially those which diminish and endanger the lives of children, should be condemned without delay. Clearly, the laws on sexual orientation and the transgendered must be reassessed in light of the truth now being exposed. We can waste no more time on such inanities.

A belated welcome... Hello everyone. My name is Deacon Steve Langenbrunner. I am a seminarian from the Duluth, MN diocese, and I am studying for the priesthood at Sacred Heart Seminary in Hales Corners. I will be assisting as a deacon and preaching here about two Sundays a month through next May, when I am scheduled to graduate and be ordained a priest. I was never married and I worked for 35 years in a paper mill in Cloquet, MN. I was ordained a permanent deacon in 2012 but soon discerned a call to the priesthood. In my free time I enjoy outdoor activities and nature, such as fishing, running, cross-country skiing and feeding birds. Thank you for being so welcoming to me. I look forward to serving here this year.

Deacon Steve Langenbrunner

The Pope's Prayer Intentions for December 2016

End To Child Soldiers That the scandal of child-soldiers may be eliminated the world over. **Europe** That the peoples of Europe may rediscover the beauty, goodness, and truth of the Gospel which gives joy and hope to life.

The “ABCs” of Saint Teresa of Calcutta

Always have the courage to say sorry
Be kind, be compassionate
Control your judgements
Don't let yourself get discouraged
Every minute is precious don't waste your time
Find out what is nice in each other
Give until it hurts
Have deep respect for each other
If you really want to love God, love one another
Just do small things with great love
Keep your heart clean
Learn to pray, love to pray, and pray often
Make time for each other in your family
Never tell lies
Only believe you are precious to HIM
Put love in whatever you do
Quite a lot of people have forgotten what love is, so begin to give the joy of loving
Refrain from prejudice
Smile at each other
Take the trouble to listen
Use your talents for the glory of God
Very often, we look but we don't see. Let us look AND see
When humiliation comes, accept it and offer it
eXcuse rather than accuse
You must learn to forgive
Zeal is a second name for love. Do not lose that zeal!

Mass Intentions  for the Week

December 3 and 4, 2016

2nd Sunday of Advent

- 4:00 Nicky Joe Guarascio (parents)
Annunziata & Pietro Morrone
(Frank & Kathy Morrone)
